OF LOCAL INTEREST

MISSIONARY MEETING—The Woman's Home and Foreign Missionary society of the First Presbyterian church will hold its regular meeting in the church parlors Friday afternoon at 2 o'clock.

CLUB OPENING DELAYED—Members of the Ingleside club are advised that owing to delay in the shipment of some of the furniture the house will not open until the first of January, 1910.

SUCCESSFUL BAZAAR—The bazaar given by the ladies guild of Trinity church yesterday proved very successful and profitable. Coffee, cake and ice cream were served and an enjoyable time had by all.

DAKOTA VISITOR—H. J. Newhouse of Bismarck, N. D., is a recent arrival and expects to spend a part of the winter here. He is engaged in banking in his home town and is a brother of C. L. Newhouse of this city.

BOARD OF EDUCATION—The territorial board of education will hold a meeting today for the transaction of routine business. Another meeting has been called for January, when the charges filed against Professor A. H. McClure of Yuma, by Dr. Kendrick C. Babcock, will be given consideration.

FOR A CHRISTMAS BOX—The Woman's Home Mission Society of the First M. E. church will meet in the church parlors this afternoon at 2:30 o'clock. All those who wish to contribute to the Christmas box that will be sent to the orphan girls' home in Tucson will please bring their contributions to the church at this time.

WEST END HOUSE SOLD—The Southwestern Realty company has sold for John W. Sharpe to Rex Dunlap, what is known locally as the West End property, being the lodging house situated at the corner of Washington street and Seventh avenue. The consideration was about \$7,000. The property was bought, it is understood, merely as an investment, and will continue as heretofore to be used as a lodging house.

TO TESTIFY IN SUIT—Frank Parker, register of the land office, will probably leave today for Prescott to testify in the suit of the government against the Grand Canyon Cement company. Surveyor General Ingalls and P. C. Dezerdorf, chief of the field division, will also be witnesses in the case.

HERE FROM HONOLULU—Mrs. T. A. Birmingham of Honolulu arrived here yesterday morning and expects to remain in Phoenix until some time next week. Her mission here is to erect a tombstone over the grave of Stewart Birmingham, her husband's brother, who died in Tempe a couple of years ago and who was buried in Evergreen cemetery under the auspices of the Masonic lodge. On leaving here she will visit the Grand Canyon and then return to her home in Honolulu via Los Angeles and San Francisco.

BIDS FOR WAREHOUSE—Bids will be taken today for the contract to build the Wholesale Meat and Storage warehouse. The plans were drawn by W. J. Blesner.

FAKE ALARM—A false alarm of fire was sent in yesterday about 2 p. m. The box number indicated Third avenue and Bennett lane as the locality, but there was no fire in that vicinity.

CERTIFICATE GRANTED—The territorial board of examiners, passing on credentials, has granted a certificate to teach to Margaret M. Seymour of Kingman on a New York State normal school diploma.

PARKER TOWNSITE PROOFS—Final proofs are coming in at the local land office from Parker. Under the instructions they will be examined at the land office and then forwarded to the commissioner at Washington.

HENEY NOT COMING—It is doubtful if Francis J. Heney will come to Phoenix. The management of the Elks theater wired terms to Drachman of the Tucson opera house, who had the matter in hand, but received no reply.

TO BE DEPORTED—United States Immigration Inspector Charles T. Connel stopped over a few hours in Phoenix yesterday. He had under his charge Maria Meros, a young girl who was imported into the country by Ricardo Bosch, who has just been found guilty in Prescott. He will take the girl to Nogales and from there she will be deported.

GOING TO BAKERSFIELD—W. J. Blesner, an architect, will leave on the 22nd for Bakersfield and San Francisco and return the first of the year. He has just completed a set of designs for the Kern county court house which is to be erected at Bakersfield, and will be present when the award in the competition is made. There are about thirty sets of plans submitted by various architects throughout the country.

HUMANE SOCIETY CASE DISMISSED—Justice of the Peace Parker yesterday dismissed the case against Bert Bryan, brought by a member of the Humane society who saw Bryan riding his horse down First avenue with another man mounted behind him, and ordered Bryan to dismount. It was testified in the justice court that the horse was walking slowly with no hostility on the part of the riders, and it was further testified that the animal was being broken for the use of little children, who frequently "ride double," but who do so at great risk unless the horse is trained for this practice. In dismissing the case Justice Parker expressed his disapproval because the matter was brought into court, stating that there are numerous incidents each day on the streets of Phoenix which are far more needful of the attention of the Humane society.

THE BRONCO BUSTING SHOW—Bert Bryan, who is arranging for a cowboy tournament and bronco busting contest at Eastlake park on the afternoon of Christmas day, announces that all the events on the program will be conducted in a manner that will inflict no hardship on the horses. The riders will be absolutely forbidden to take their mounts with the spur or in any other manner to inflict unnecessary punishment while endeavoring to master the animals. Mr. Bryan is now a member of the Humane society and he will personally supervise the events and see that nothing verging on brutality takes place during the rough riding events. Any rider attempting to violate the rigid instructions given for this purpose will be compelled to dismount. It is intended to make the sports of the afternoon clean, interesting and typical of all that is best in western horsemanship, and those who attend the show will be spared the unpleasant sights which were a part of the old-time tournaments when steering was a chief feature of the entertainment. A wild horse race will be an extremely interesting feature of the day and will be the first event of the kind ever given in Arizona.

FINE ORANGES—W. P. Cooper yesterday brought to the board of trade another cluster of fine navel oranges, to be sent to Los Angeles for the display in the Southern Pacific office. There are only three oranges in this cluster, but they are very large and fine ones. Mr. Cooper, who also contributed a large cluster a few days ago, is the only citrus grower who has thus far responded to the request for display fruit. Only two or three boxes are required altogether, and it would seem that several of the local orange people might be able to contribute a little cluster of fruit each to this good cause. They probably would if approached personally, but have overlooked the matter in the rush of other business.

MRS. ROUNDTREE'S SIDE OF IT—Mrs. Roundtree, who has been mentioned in connection with the kidnapping of her little daughter, Caroline Sheehan, from the Crittenton home, called at the office of The Republican last night to say that she has been misrepresented by the newspaper reports of the affair. She said that the child had been sent to the home by Judge Doan at her own instigation. At that time she was employed at the Copper Queen hospital as a nurse. She could not have the child with her and could exercise no control over her at the place where she had left her. The child refused to go to school and the attention of the trustee officer was attracted to her. It was at first proposed to send her to the reform school, but Mrs. Roundtree said that she was advised against that. She therefore applied to the court for an order committing the child to the home. The time of the commitment would expire in the coming May. Since then Mrs. Roundtree said that she had found employment in a place where she could care for the child, and for that reason she sought to get possession of her.

SENT TO THE ASYLUM—Mrs. Louise Miller was given an examination in probate court yesterday on a charge of insanity and was committed to the asylum. She had for some time been ill and had been at the Sisters' hospital, whence she escaped on Wednesday night and was later found by the police. Charles Nelson, the ex-sleeping Swede, was also committed.

DESCRIBES AUTO RACE—The December number of the "Motor Field," published in Denver, devotes two pages to the Los Angeles-Phoenix road race. There is a page of half-tones, showing the winning cars and their drivers and another page giving a very good account of the race. Nearly every motor magazine in the country has published accounts of the race.

NEW FACE ABOVE THE REGISTER—Very soon there will be a new face behind the desk at the Ford hotel. It will be Miss Williams, a sister-in-law of O. M. Collins, who recently purchased a half interest in the hotel. Miss Williams came here five weeks ago from West Virginia. She has been connected with the hotel business most of her life. She is quite sure she is going to like Arizona.

ESCAPED FROM ASYLUM—Dan Hanston, who is generally considered a rather dangerous man, escaped from the asylum for the insane last night. The authorities have notified the police and wish the citizens to be on the watch for him. Hanston is five feet nine inches tall, weighs about 150 pounds and has brown hair and stubby mustache. He wore overalls and a khaki colored canvas coat when he escaped.
